RE: CFT™ Bio-Cleaner

To Whom It May Concern:

CFT Bio-Cleaner is manufactured exclusively by Nox-Crete Products Group for Column Form Technology. Nox-Crete and Column Form Technology are committed to the manufacture of products which foster environmentally sound building practices and processes and which are also safer for the people who use them.

REGIONAL MATERIALS

All CFT products manufactured by Nox-Crete are manufactured in Nox-Crete's Omaha, Nebraska-area production facilities. Choosing a CFT product manufactured by Nox-Crete for use on projects within a 500-mile radius may contribute to the acquisition of LEED points for Regional Materials MR 5.

RECYCLED CONTENT

This product is produced using no recycled post-consumer materials.

RAPIDLY RENEWABLE MATERIALS

Nox-Crete certifies that CFT Bio-Cleaner contains rapidly renewable materials derived from plants with a 10-year or shorter harvest cycle as required by LEED Rapidly Renewable Materials MR 6 and may contribute to the acquisition of LEED credit in this category.

ADDITIONAL LEED CREDIT CATEGORIES

This product may also contribute to the acquisition of additional LEED credits beyond what is indicated here and should be determined on a project-by-project basis.

For additional technical support, please contact Column Form Technology at (866) 821-2278 or Nox-Crete's Customer Service Department at (800) 669-2738.

Sincerely,

Michael A. Linn
President, Nox-Crete Products Group
